Financial Aid Available to Jung Tao School Students

Stafford Loans-unsubsidized

This is an unsubsidized student loan offered by the federal government. "Unsubsidized" means the government does not pay interest on the loan. Eligibility is based on the student's financial need. Acceptance for the loan is not based on credit. Interest will accrue from the time the loan is disbursed. The student is not required to make payments on the loan while enrolled in school, or in authorized deferment. There is a six-month grace period after graduation, during which the student is not required to make payments on the loan. The student can begin paying on the interest and principle of the loan at any time, to save money.

Graduate PLUS Loans

Graduate Plus loans are available to graduate students to assist them in meeting the costs of education not covered by loans or other aid resources. Loans are granted based on credit rating of the applicant. Grad PLUS loans are credit based, similar to a private student loan. Grad PLUS loans have a fixed interest rate and federal guarantee. Grad PLUS loans can be deferred while a student is enrolled in school. Interest will accrue from the time the loan is disbursed.
